Re: Fee Payment Correction

Dear Sir/Madam,

7030466

We recently discovered that the 3.5-7.5 yr maintenance fee for 10/634,404 was incorrectly charged as a small entity fee in the amount of \$490 on 2009/10/13. Applicant for 10/634,404, United Microelectronics Corporation, is a large entity and should be charged the large entity fee of \$980. Please withdraw the resulting fee difference of \$490 from Deposit Account Number 50-4830 to correct this error.

A review of our records further indicates that a small entity fee was incorrectly charged on two other occasions list below:

2003/8/5 Filing fee charged small 384, correct fee should have been 768
2005/3/17 Amendment charged small 384, correct fee should have been 768

Please withdraw the result fee difference of 768 from Deposit Account Number 50-4830 so that we can correct these errors as well. All other fee payments for 10/634,404 were correctly made for a large entity.

Respectfully submitted

Yu-Tai Tsai
